WOMEN'S LUNCHEON | JULY 19

Get to know the women of Urban Ventures. Hear first-hand how their desires for life and family are the same as yours. Learn, too ,about the unique challenges they face and the momentum for change they are creating through Urban Ventures programs.

Women, many of whom single-handedly manage work and family, inspire all of us by their strength and determination. A little bit of your time and a simple lunch can support and encourage these remarkable women. We invite you to help us *inspire* others and in return, be *inspired*!
